BOURBON & RYE

CAMBRIDGE'S BEST BOURBON COLLECTION

when dishing up plates of BBQ food, it makes perfect sense to pair it with a drink that has smoky flavours at the heart of the spirit. distilled from a mash, that's at least 51 percent corn, to 160 proof (80% abv) then aged in new charred oak barrels and bottled at not less than 80 proof (40% abv), all bourbon may be whiskey, but not all whiskey is bourbon!

TEQUILA & MEZCAL

tequila, made from the blue weber agave, is only produced in 5 areas of mexico. once the agave is ripe, usually after about 7/8 years, it is harvested then cooked, milled, fermented, distilled and then finally, for certain types, aged in old bourbon barrels

mezcal is produced in 9 mexican states and can be made from many more varieties of agave. the biggest difference between tequila and mezcal though is in its preparation. for mezcal, the agave is baked in earthen pits which imparts a smoky flavour, the perfect match for BBQ - salud!
